

OMNIMED Isolation Station - Painted Steel

Improve business efficiency • Improve employee workplace safety • Improve patient care & management

Isolation Station - Painted Steel - #307010

Omnimed steel isolation stations are constructed of welded steel and are finished with a durable and attractive powder coat titanium paint. Our stations are designed to provide convenient, easy access to Person Protective Equipment (PPE) supplies where space is limited. They are ideal for use in any area where infection control protocols are in use. These stations are simple to load and can be mounted on a variety of surfaces. Checkout our Door Hanger Bracket #307001 for a door hanging option. These units include a limited 5 year warranty.
